Bulletin n°1 - March 2015

DEAR FRIENDS,

Dear scouts and guides,

In a little more than one and a half years, on August 3rd, 2016, there are several thousands Rovers and Rangers, from all corners of Europe, will be welcomed in the six points of the Hexagon, as France is nicknamed.

This 5th Roverway will be the unique opportunity for these young participants to experience, during the first six days of the event, the thrills of working together with a local partner in projects designed to change the local reality near the Mediterranean Sea, up in the Alps, the North or someplace else in France.

Commitment, European citizenship... words with a strong resonance at this moment in France, when tragic events are marking our society. Scoutisme

Français and all Roverway planning team were upset by these events and mobilized ; we are proud through this organization of gathering to show that young people of all Europe are capable of living together their differences, of making a commitment in the service of a peace society, of building together the European and World citizenship of tomorrow.

There will be more than hundred citizen-related projects carried out throughout France by the 5000 Rovers and Rangers participating, followed by four intense days of sharing, debate, celebration and reflection at Jambville, just outside Paris.

In this bulletin you will discover the educational aims of the event, which were already shared with

you, WOSM National Scout Organizations and WAGGGS Member Organizations from all over Europe, during the Scout and Guide conference in Berlin, in 2013, and, later on, during the first Heads of Contingents and RoverReps Meeting in of November, 2014. You will also find out here more about the ways you can continue to be involved in the development of the project: Facebook, website, Rover-Office... All these tools are made for you and, of course, for the Rovers, Rangers, IST who can register starting in September 2015!

So... are you ready? Go! On The Road, with us !!

*Céline Lefèvre Bonneau,
Roverway 2016 director*

WHAT IS A BULLETIN ?

The purpose of the Roverway 2016 bulletins is to provide National Scout Organizations and Member Organizations with all the information they need at the right time, to help prepare for the event.

The Bulletins will be sent out through Europak (WOSM European Region and Europe Region WAGGGS). The Bulletins will also be sent to Heads of Contingents appointed.

In addition to the Bulletins there are several other ways to find information, the website being the main one.

FACE-LIFT FOR THE WEBSITE !

A new website was born with contents richer in news, videos and practical information.

We are still working on it. New surprises are coming and we shall continue to finalize parts until 2016: come to visit it regularly!

➔ www.roverway2016.org

WHERE TO FIND ALL THE TOOLS ?

We also have an Intranet called Rover-Office, for the Heads of Contingents and the planning team, containing resources and additional information as well as a collaborative workspace.

Numerous tools were already created: design guidelines, bookmarks, brochures and videos. They are at your disposal in the section Common Documents.

All the registered Heads of Contingent should have received their access code and their password by e-mail. Please get in touch with the Roverway 2016 Office if you did not receive them.

TO DISCOVER OR REDISCOVER : THE TEASER

Created by the video team, the teaser of Roverway 2016 was displayed online on Facebook and YouTube!

We encourage you to subscribe to our YouTube channel to receive exclusively the reports and the interviews of the gathering.

TAKE PART IN OUR FACEBOOK RENDEZ-VOUS

Our community managers are inviting you on the Roverway 2016 Facebook page to find out more about France, the French and the Rovers and Rangers.

➔ Each **Monday**, discover France through its landscapes.

➔ Each **Thursday**, it's "Cliché!" Or France seen by foreigners.

Each **Sunday**, it is you and "Froggie" that we put in the honor. Download "Froggie"'s picture from Facebook or the Rover-Office Common Documents, shoot a selfie and share it on Facebook and Twitter with the #rw2016 hashtag.

The **last Thursday of every month**, we propose you to discover and share your lives of Rovers and Rangers : videos, pictures, testimonials.

Share your story by sending a message on our Facebook page or by e-mail reseaux@roverway2016.org

Within the idea of **#OnTheRoad**, there is 3 key concepts for Roverway 2016 : commitment, European citizenship and co-construction.

COMMITMENT

A European gathering for Rovers and Rangers is about putting forward their actions and commitment: trust and the belief that the world is in the hands of a responsible generation, who knows already how to live in a shared, fair and sustainable society

THINK ABOUT YOUR COMMITMENT

During Roverway 2016, we will measure the local impact of service activities carried out by participants, alone or in patrols, throughout the event. We want participants to feel proud of their commitments before, during and after the event.

EXPERIENCE LOCAL PARTNERSHIP

Through the local partnerships they will work with in the first part of the event, the experience of different kinds of involvement in civil society will take practical form in service activities, but especially in the opportunities to talk with the partner and review as a patrol.

WORKING OUT YOUR ROUTE

Roverway will help participants to reflect individually and as a patrol on what motivates them to get involved and what challenges they see in today's society. They will be encouraged to reflect on what Scouting and Guiding means to them, specifically "being active citizens involved in society".

EUROPEAN CITIZENSHIP

Gathering Rovers and Rangers from several countries will foster their sense of belonging to a European and global movement, help them discover other ways of living Guiding and Scouting and promote peace..

LET'S GET TOGETHER!

Roverway will allow participants to gain practical experience of Europe or "living together as Europeans", particularly through the paths where, for a whole week, young people from different European countries will live together as a patrol, exchanging ideas, cooking and working together on a practical activity with a local partner.

LET'S GET TO KNOW EACH OTHER!

Roverway will allow participants to learn about the added-value of Scouting and Guiding for Europe as a whole. The event will encourage them to communicate this message and make themselves heard in European civil society.

LET'S SURPASS OURSELVES!

Roverway will offer young people an opportunity to explore their national and European identities, by reflecting on the "European spirit" and how it is linked to their own dreams and hopes for the future of the continent. Roverway will encourage young people's genuine commitment for sustainable development.

CO-CONSTRUCTION

Allow Rovers and Rangers to participate and to be the main designers and actors. Roverway becomes a place where young people participate in decision-making, work with others and discover the richness of partnerships.

OUR ROVERWAY

We don't want 16-22 year olds just to be merely participants, we want them actively involved and taking responsibility for their event. This is a core element of the proposed programme. That is why we are particularly willing to involve future participants at all stages of building the event and support them in this joint construction, through the patrol system in particular.

SIMPLY ROVERS/RANGERS

One of the major concerns of Scoutisme Francais is to allow young people and young adults to be deeply involved in the sustainable management of our environment. Scouting and Guiding allow to live simply and unostentatiously, stressing "being" rather than "having". During Roverway, we want to operate in such a way that young people are not just aware of this but also want to apply these principles in their lives.

ROVERS/RANGERS OF TOMORROW

At European level, the spirit of Rovers and Rangers is experienced through opportunities to meet and exchange ideas. Since it is an event for all European Rovers/Rangers, Roverway is a special opportunity to help the section propel itself into the future.

ROVERWAY

ROVERWAY PROGRAM

Rovers and Rangers are going to live this event in two parts : the Roads and the Central Camp. This first bulletin presents the organisational details of the first part of the event.

The "Carrefours" (Crossroads)

"Carrefour" (Crossroad) is the name given to the different areas of France put in place by the Roverway 2016 team. There will be seven geographic areas for the first part of Roverway. They will be :

- Ile de France (IDF)
- North
- East
- Mountains
- Mediterranean
- South-West
- West

A "Carrefour" is the place where the local element of Roverway (the "Road") takes place. With an average duration of six days and with a participation of around 50 young people, the Road is placed under the sign of meeting, local involvement, citizenship action.

About fifteen "Roads" will be proposed on each of these "Carrefours", from 4 to 9 August 2016.

The Road

It is a community action project which will take place at local level, all over France.

Four themes will be offered :

-  Environment
-  Peace
-  Culture
-  Community

These are the main themes from which participants can choose their Road. The projects will take place in partnership with local partners and will be designed together with the Rovers and Rangers on each Road.

Each Road will bring together 5-6 patrols of Rovers and Rangers from different countries, around fifty people. Beside the main project, there will be lots of opportunities to work together and share with the other patrols and the host team from France.

There will be six days of European community action, six days of meetings in local communities before joining on August 10th the Central Camp based to Jambville, near Paris.

PARTICIPATION IN ROVERWAY 2016

Contingent Management Teams

Each national contingent has the possibility of bringing a support team of adult leaders - a Contingent Management Team (CMT). Contingent Management Team will camp in the Central Camp during the gathering.

Each Contingent is limited in the number of adults they may bring on their Contingent Management Team, depending on the number of young people in the Contingent.

More information will be presented later.

Participants and Leaders

Participants at Roverway 2016 are young people aged between 16 and 22 years old (born between 14 August 1994 and 03 August 2000). They participate in patrols of 6-8 people. The team can be assisted by one adult leader (+18 y.o) according to NSO/MO regulations.

Internationale Service Team

An estimated 500 staff are needed to run Roverway 2016, and they will come from countries all around Europe. Being a staff member is a formative opportunity where you can make a contribution to the young people of the world today.

The International Service Team (IST) will be opened to active Scouts and Guides age 22 or over at the start of Roverway 2016 (born on or before the 03rd August 1994). Members of the IST should be able to speak English and/or French and be prepared to take any task needed to create an incredible event.

Roverway Planning Team

Those involved with planning and preparing Roverway are included in the Roverway Planning Team. This team will be, at the end, international. Information on how to apply will be distributed later.

All members of the Roverway Planning Team must be active Scouts and Guides and have the approval of their National Scout Organization/Member Organization.

Appointment of Head of Contingent

Every National Contingent (Scout/Guide) must have a leader who is responsible for the Contingent. The Head of Contingent (HoC) is appointed by the National Scout Organization/Member Organization and is the contact person for the Roverway 2016 Office.

It is important for us to make contact with Heads of Contingents as soon as possible. Please contact hoc@roverway2016.org

ROVERWAY 2016 LOGO

The logo contains two separate parts.

The **upper** part contains the event name plus an illustration showing the Eiffel tower amongst tents. It represents a Scout event firmly based in today's society.

The **lower** part is made up of the location and date of the event plus the international dimension of the event with the official logos of the World Organization of the Scout Movement (WOSM) and the World Association of Girl Guides and Girl Scouts (WAGGGS).

After 9 days on the roads of France, 5000 Rovers and Rangers will find themselves in the North of Paris, in Yvelines, at the heart of Vexin regional park. Roverway 2016 will be welcomed on the Scouts of the World base of Jambville. This 52 hectare property is regularly used for large-scale events. This extraordinary site is going to allow us to live together: Scouts and Guides from all Europe.

Institutional level

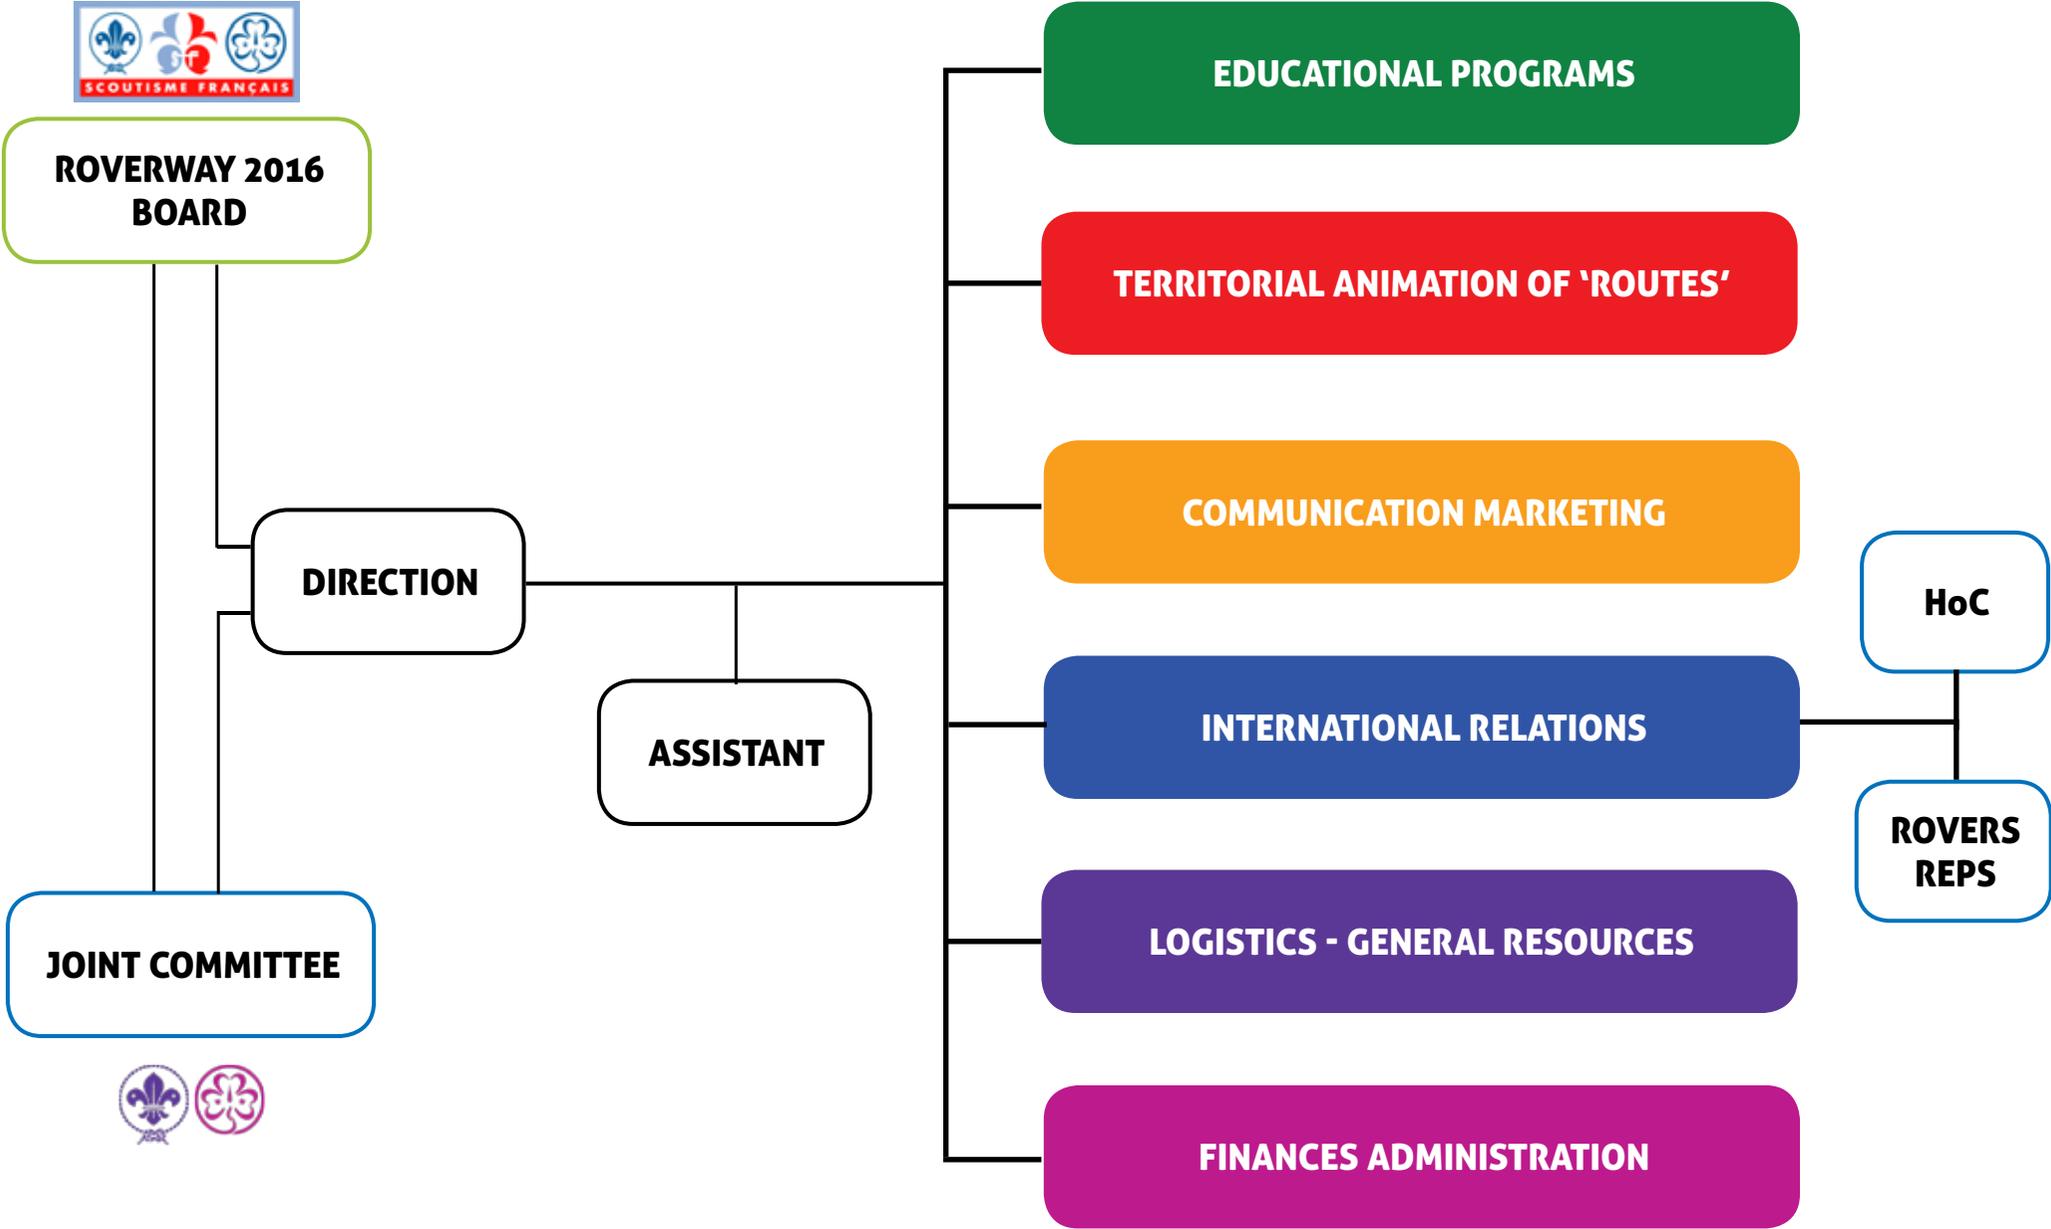

Informal level

In order to help contingents to promote Roverway2016, we developed a whole series of promotion documents (bookmarks, brochures, customizable posters, master, letterhead...). You can find all these files and also the design guidelines in Rover-Office Common Documents.

ORGANIZATION AND GOVERNANCE OF ROVERWAY 2016

**Céline

TERMS AND CONDITIONS - ROVERWAY 2016

Participants ages

The participants at Roverway 2016 are young people aged between 16 and 22 years old at the start of the event (born between 14 august 1994 and 03 august 2000).

Those aged 22 ans and above (those born on or before 03rd august 1994) should apply to be members of the International Service Team (IST).

Fees for participants

The categories of participant fees for Roverway 2016 were approved by the Europe Region WAGGGS and the European Scout Region in November 2014. In order to encourage more Scouts and Guides from every European country and to demonstrate Scouting and Guidin solidarity, the Roverway fees are discounted by category of country. This approach with different levels of fees is based on the Gross National Product (GNP) of each country. NSO/MO can confirm their category with the Roverway office.

Category A	Category B	Category C	Category D	Category E
290€	380€	455€	495€	550€

Rates are applicable from September till December, 2015. For the registrations from January, 2016 an increase will soon be indicated.

Registration process

The registration process will be communicated to all National Scout Organizations and Members Organizations of European Regions (WOSM and WAGGGS) by the third quarter of 2015.

Only National Scout Organizations and Members Organizations can register Contingents, there is no individual registration quota.

The International Service Team is essential for the successful running of Roverway 2016 and NSOs/MOs are encouraged to assist the organisers by recruiting suitable adults for the IST. Regardless of Contingent size, no NSO/MO may have more adults than young people in their Contingent.

Registration will be based on an electronic registration system. Registrations will be in four categories : Participants, Leaders, IST members and members of the Contingent Management Team (CMT).

Payment schedule

A payment schedule was decided as follows: 30% of the total amount to be paid upon registration (between September and December 2015), 30% in January 2016 and finally 40% in April 2016.

	Cat. A	Cat. B	Cat. C	Cat. D	Cat. E

More information will be presented later.

Scoutisme Français brings together French associations claiming goals, principles and methods of Scouting as defined by the constitutions of the World Association Girl Guides and Girl Scouts (WAGGGS), and of the World Organization of the Scout Movement (WOSM). These five associations belong by its intermediary to the world authorities of Guiding and Scouting (WAGGGS and WOSM).

Independent from any political party, in understanding and respect for the diverse

inspirations of the constituent associations, Scoutisme Français asserts the educational unity of Scouting in the service of the youth in France.

It intends to settle all questions of common interest to Scouting and to submit to members of various associations, as well as public opinion, the reality of a French Scouting united in diversity (article 1).

Living together, educating through games and taking responsibilities are the ways the five associations choose to allow every child and every young person to build his/her references in the world where he/she lives.
